

# **BEYOND WAR**

## **FOUNDATIONAL IDEAS**

***Beyond War*** is based on three foundational ideas:

War is obsolete. (All our forms of violence are obsolete.)

We all live on one planet together.

Our means of response to problems are the ends in the making.

***The Behavioral Implications*** of these ideas for me are:

I will work to resolve conflict.

I will not use violence.

I will not preoccupy myself with an enemy.

I will maintain an attitude of good will.

I will take initiative and respond to conflict within these Principles and Implications even when others are confused or lost in fight or flight reflexes.

I will work together with others to build a world beyond war.
